

Year 2011

- Winter school for Physics, Chemistry and Biology involving students from Poornaprajna College of Science, Udupi, and other neighboring colleges, during Nov 12--Nov 23, 2011.
- Summer school for Physics, Chemistry and Biology involving students from Poornaprajna College of Science, Udupi, during May 29--Jun 9, 2011.
- A National workshop on Advances in Biological Sciences was conducted under the aegis of Indian Academy of Sciences, Bengaluru and Poornaprajna Institute of Scientific Research (PPISR) from January 20-22, 2011. Prof. A J Rao, IISc, Bengaluru was the convener and Prof. A B Halgeri was the coordinator. The scope of the workshop covered recent advances in cutting edge topics of Biological sciences. The objective of this workshop was to bring together scientists, teachers and young researchers in the same platform. The Workshop was inaugurated by Prof. G. Padmanaban, IISc and Prof. MRS Rao, President, JNCASR. Eminent professors from IISc and other prestigious institutions presented lectures on topics like Proteomics, Biomarkers in cancer research, Recombinant proteins, Stem Cells, Endophytic fungi, Vaccines, Genetic control of mosquitoes, Population control, Protein Structure etc.,
